TENTER TEXT

Soap and disinfectant dispenser for 250 ml hand washing lotion or disinfectant, stainless steel housing brushed, transparent powder coated, against finger and tarnish marks, stainless steel operating lever fixed to removable plastic refill container, stainless steel cover for plastic refill container fixed to housing, operation by pressing, dosing quantity approx. 1.5 ml/stroke, with unit lock, plastic viewing window for fill level indication, filling from above by unlocking and opening the housing, then filling directly in the dispenser itself or by removing the refill container for filling outside the dispenser, beveled top to prevent waste from being deposited, three-point mounting, mounting material included, for surface mounting

DIMENSIONS

H x W x D (with bail)	225 x 97 x 134 mm
H x W x D (without lever)	197 x 97 x 118 mm
weight	1,10 kg

APPLICATION AREAS

Universally applicable, even in public, high-traffic and vandal-endangered areas: airports, stadiums, event halls, restaurants, schools, kindergartens, universities, discos, municipal buildings, shops, law offices, offices, theaters, cinemas, hotels, wellness etc.

MOUNTING TIPS

Mount the soap dispenser as directly above the washbasin or shelf as possible. So, soap cream dripping from hands can not cause a slip hazard on the floor. The dispenser should also be installed so that it can be easily refilled.
